About Emisphere Technologies, Inc.

Emisphere is a biopharmaceutical company that focuses on developing and commercializing a unique and improved delivery of pharmaceutical compounds, medical foods and dietary supplements using its Eligen[®] Technology. These molecules and compounds could be currently available or in development. Such molecules are usually delivered by injection; in many cases, their benefits are limited due to poor bioavailability, slow on-set of action or variable absorption. The Eligen[®] Technology can be applied to the oral route of administration as well other delivery pathways, such as buccal, rectal, inhalation, intra-vaginal or transdermal. The Company's strategy is to reemphasize the commercialization of Oral Eligen[®] B12, build new high-value partnerships, evaluate new Medical Foods commercial opportunities, and promote new uses for the Eligen[®] Technology. The Company's website is: www.emisphere.com.
